

CYBORG

Professional metal clipper with long life motor

Clipper with Heavy duty full metal body and a high-tech design

Gamma+ Cyborg is smart and strong: digital motor with 7500 RPM and high torque. Perfect results. Gamma+ Cyborg respects tradition and at the same time looks forward to the future.

Vintage style and high-tech design. It offers cutting edge technology and innovation. No matter if you are right-handed or left-handed.

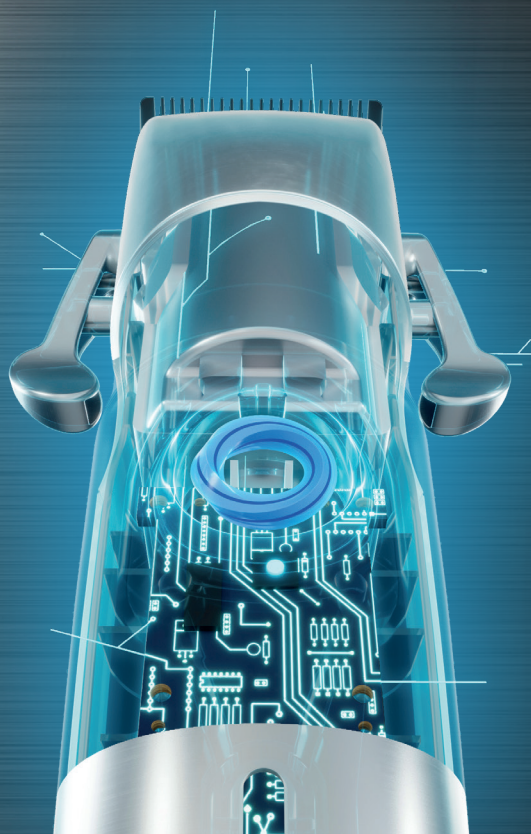

Gamma+ Cyborg comes with 2 customizable levers (floating or click). 1 customizable lever for each side. While keeping tradition in mind with a flare of innovation at the same time the Cyborg offers the best performances and a unique style.
